

Dear CCCE Participants:

Professional Development is the cornerstone to the success of any Chamber executive. We are pleased that you chose the Center for Chamber of Commerce Excellence to pursue your needs. 2010 includes some drastic and well-thought out plans for expansion into a three-day; three-year program of in depth learning.

Our goal is to take an A-Z approach to your learning experience as well as address the whole person (both professionally and personally). Our board of regents is made up of representatives from the states of Arkansas, Kansas, Louisiana, Oklahoma and Texas. We have been working diligently to ensure the curriculum feels the needs of each participant. Our instructors include some of the industry's most seasoned professionals as well as consultants with vast experience.

The new structure will allow you a minimum of three years to get to know your classmates and network with them on issues that you encounter.

Our board of regents is also available to serve as mentors in addressing pressing issues.

If you are new to the Center for Chamber of Commerce Excellence, we welcome you. If you are a returning participant, we trust the changes will help you excel in your professional growth.

Our goal at the Center for Chamber of Commerce Excellence is to "be the Center for Excellence."

We look forward to seeing you in March,

Sincerely,

A handwritten signature in black ink, appearing to read "Susie P. Marks".

Susie P. Marks, CCE  
Chairman  
CCCE Board of Regents
